

The Saver's Credit

It Pays to Save for Retirement

You may qualify for the Saver's Credit of **up to \$1,000** (\$2,000 if married filing jointly) for contributions you make to a qualified retirement plan or IRA.

And you have until **April 15, 2025** to make IRA contributions for 2024.

Unlike a deduction, a credit is a dollar-for-dollar reduction of **your federal income tax liability** and this credit can reduce the amount you owe or increase your refund for taxes already paid.

Are you eligible for the credit?

To claim the Saver's Credit for 2024, you must:

- 1 Be age 18 or older,
- 2 Not be a full-time student,
- 3 Not be claimed as a dependent on another person's return, and

- 4 Have a 2024 adjusted gross income of not more than:

\$ 76,500

if your filing status is married filing jointly;

\$ 57,375

if your filing status is head of household;

\$ 38,250

if your filing status is single, married filing separately or qualifying widow(er).

Amount of the credit

The amount of the credit you can get is based on the contributions you make and your "credit rate."

10%-----50%

Your credit rate can be as low as 10 percent or as high as 50 percent, depending on your income and your filing status.

Use the 2024 Form 8880, Credit for Qualified Retirement Savings Contributions, to calculate and claim your credit.

Use the Form 1040, Form 1040-SR, or 1040-NR with Schedule 3 to file your taxes.

Are your 2024 contributions eligible for the credit?

Eligible contributions include:
